

Redbridge Alternative Provision

Careers Guidance Policy Statement

Review date: September 2021

DRAFT

Careers education, information and guidance (CEIAG) is an essential part of the support we offer to pupils at Redbridge Alternative Provision. Effective career support can help to prepare young people for the opportunities, responsibilities and experiences of life; it can help them make decisions and manage transitions as learners and workers. As options for young people become more varied and complex, it is vital that we support them to develop the knowledge and skills they need to make informed choices for their future. As a result, the careers programme has a whole school remit designed to complement the rest of the school curriculum with a specific focus of meeting the needs of young people within a special school setting.

This policy statement sets out the school's arrangements for managing the CEIAG offer to pupils at the school for the purpose of giving information about the providers education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.
